Subject: Application for Summer Internship Programme 2026

Respected Sir/Ma'am,

I am writing to express my interest in applying for the Summer Internship Programme 2026 at CSIR-CMERI, Durgapur, in the field of Electronics and Communication Engineering. I am currently pursuing my Bachelor of Technology (B.Tech) in Electronics and Communication Engineering and will be completing my sixth semester by May/June 2026.

I am keen to gain practical exposure and hands-on experience in research and development activities, particularly in areas related to embedded systems, electronics, and real-world engineering applications. I believe that this internship will help me enhance my technical knowledge and bridge the gap between theoretical concepts and practical implementation.

I have attached the duly filled application form, recommendation letter from my institution, and self-attested copies of my academic records for your kind consideration.

I would be grateful for the opportunity to be a part of your esteemed institution and contribute to ongoing research activities.

Thanking you for your time and consideration.

Yours sincerely,
Asraf Khan
